

Ellis Appraisal District 2017 Annual Report

This is the sixth edition of the Ellis Appraisal District (EAD) Annual Report. The report includes information on the following areas that we believe are important to give you insight into the performance of your Appraisal District:

- Taxing Entities EAD Serves
- EAD Reappraisal Plan
- Comptroller's Property Value Study and Methods Assistance Program
- EAD Budget
- Growth Indicators
- Facilities
- Appeals, Arbitration and Litigation

Appraisal Districts were created and governed by the Texas Property Tax Code. The Code was created in 1979 by legislation known as the Peveto Bill. Prior to the creation of appraisal districts all taxing entities had their own appraisal staff. Properties were often listed on different taxing entities rolls at dramatically different appraised values and assessment ratios were also applied with no uniformity between entities. The Peveto Bill created one appraisal district within each county to appraise properties for all taxing entities at 100% market value with fairness and equality and abolished assessment ratios. The plan was to create a level playing field where no one would be subject to paying taxes based on more or less than their fair share.

Ellis Appraisal District is here to serve you through discovering, listing and appraising your property fairly and uniformly. The Appraisal District is *not a taxing entity* and *does not set tax rates or collect taxes*. The Appraisal District team has many responsibilities and we must be good stewards. We know that we are here to serve you, the property owners of Ellis County, and we are committed to performing our work with courtesy, professionalism and excellence.

Our hope is that through this report you will find that you are well served and gain a better understanding into the challenges and successes of your Ellis Appraisal District.

Kathy Rodrigue, RPA
Chief Appraiser

EAD as a Resource

Communication: We believe it is very important to keep the EAD Taxing Entities informed with timely delivery of a complete and accurate certified appraisal roll, weekly reports of changes, budget, reappraisal plan and audit reports and all other information that relates to EAD's service to them.

Compliance and Performance: We are pleased to file all reports related to property values and exemptions that are required by the Comptroller's Office for the Taxing Entities. We are also proud to have performed well in the State Property Value Study and the Methods Assistance Program Audit.

Sharing Technology: We are pleased through our contract with Pictometry to share digital ortho and oblique images and software with our Taxing Entities. This unique relationship provides for one purchase to benefit all those who pay into the EAD budget. These images can be used in many ways, such as planning, development, emergency management, etc.

Ellis Appraisal District Reappraisal Plan

The Board of Directors establishes a reappraisal plan in compliance with Section 6.05 of the Texas Property Tax Code. This plan is reviewed and adopted biennially to inform the public and taxing entities of the needs and progress of the appraisal process.

EAD is an Appraisal District formed by the Texas Legislature in 1979 and is charged with the appraisal of all taxable property within Ellis County. There are various taxing entities partially or totally within the District's boundaries. These entities are as follows:

<u>Entities</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>

Schools	11	11	11	11	11
Cities	20	20	19	19	19
Special Districts	10	10	10	10	9

EAD currently conducts reappraisal on a three-year rotation. While all property values are updated annually to reflect market values, one-third of the district is re-inspected every year. The re-inspection consists mainly of the use of Pictometry images and the geographic information system, augmented by the physical inspection of properties. The account breakdown is based on their location within an ISD.

Ellis Appraisal District Budget

Each year the chief appraiser prepares and presents to the Board of Directors and Taxing Entities information in compliance with Section 6.06 of the Texas Property Tax Code. The process of publication and adoption of the budget is mandated by law. The Chief Appraiser prepares the proposed budget and schedules a workshop for the budget committee appointed by the Chairperson. The proposed budget is then presented to the full Board for review. By June 15th, the proposed budget is submitted to all taxing entities participating in the District. The Board shall hold a public hearing, make any changes to the proposed budget and approve the budget before September 15th. Presented are the 2017 and prior four year's budgets with value and entity levy information:

The costs of District operations are shared by the various taxing entities participating in the District. Each taxing entity's allocation is based on its tax levy relative to the total tax levy of all the participating taxing entities. The District's budget is currently less than 1% of the entity's levy.

The Board may use excess funds to build reserves for litigation or appropriately approved capital expenditures.

Growth Indicators

Ellis County is geographically located in the southern part of the Dallas/Fort Worth Metroplex and is poised for growth with four major transportation corridors. As the economy grows, so will Ellis County. Below are some statistics that indicate growth in the following areas:

Facilities

On August 26, 1994 the Board of Directors purchased the property at 400 Ferris Avenue for \$400,000. This purchase included an office originally constructed in 1964 that had a total of 8,799 square feet on 1.139 acres. At the time of the purchase, 3,254 square feet of the building was leased and the rent covered the cost of the note until the tenant moved out January 2003. In March 2003, the Board of Directors approved the \$39,012.07 payoff of the note. The purchased EAD facilities cost the property owners and taxing entities of Ellis County less than \$40,000.

In 2006, after a thorough study of the anticipated growth needs of the appraisal district, the Board of Directors in compliance with Section 6.051 of the Texas Property Tax Code, gained approval from the taxing entities to finance an expansion and renovation of the property.

Construction was completed in 2009 and financed by a 25 year note for \$974,873.10. In 2012, the Board of Directors authorized the payoff of the note. The current facility is a highly modernized, energy efficient professional office that should meet the needs of the appraisal district for the next 20 years.

Excellence In Service

One of the biggest challenges any Appraisal District faces is the discovery and accurate listing of property. Most CADs physically inspect all properties in their district in accordance with their reappraisal plan and in some cases, the work load exceeds manpower.

Ellis Appraisal District is a leader in using technology to comply with the International Association of Assessing Officers standards. In the EAD reappraisal plan, all accessible new construction is scheduled for physical inspection in the year of construction and all other properties are first inspected using Images. Any accounts where Images are not sufficient to accurately list changes are coordinated with new construction to efficiently cover all physical inspections at once in a geographic area. We also were the first Appraisal District in Texas to use Change Detection software to discover changes from the previous year that might have otherwise been overlooked, thus avoiding omitted property assessments that are very difficult to receive and administer. With the growth in Ellis County, we are proud that the changes to our budget for the appraisal staff have been modest.

Appeals, Arbitration and Litigation

The appraisal district sends out appraisal notices each year based on changes in ownership, value and the reappraisal plan. Property owners have a right to appeal information on their notices. Most appeals are filed because a property owner believes their value is over market value or appraised unequally compared with other like properties appropriately adjusted. Below are statistics related to this appeals process:

Our goal is to serve others the way we would like to be served and in keeping with the statement below, courtesy and efficiency are the main requirements of this office.

A PROPERTY OWNER

Is not dependent on us - We are dependent on them.

Is not an interruption of our work - **They are the purpose of it.**

Is not an outsider to our business - They are a part of it.

Is doing us a favor by letting us - Serve their needs.

A PROPERTY OWNER is the most important person in the world to us.

Courtesy and Efficiency are the main requirements of this office.

It is our hope that the Ellis Appraisal District Annual Report has revealed the stewardship the Board of Directors, Chief Appraiser and Staff exercise in the service of all Ellis County Property Owners and Taxing Entities. We are here to serve you and look forward to continued service with excellence.
